Feel the comfort, feel Sevilla! The Sevilla line is unique and modern by using light and durable materials in contemporary colours. Leave your cushions outside easily, because the high quality Olefin fabric and the filling are UV protected and fast drying. After the Summer we advise to bring all cushions inside for a long service life.

Index of brands

For more than 20 years a well-know brand for garden furniture in more than 12 European countries. Quality outdoor products in a strong, wide and modern collection. Always innovating and looking for new materials, styles and trends.

Affordable design for every garden. Trinita brings a unique and modern collection in outdoor living. Durable and high quality outdoor furniture produced in Vietnam and Europe.

A wide range of maintenance products to keep your garden furniture in the best condition. For all kind of outdoor materials you will find a high quality care product in the Exotan Care range.

Water runs straight through the special foam. This dry-foam ensures that the cushions will dry fast and will keep them in their original shape. Thanks to the Sunbrella® or Texfabric or Olefin fabric covers the cushions will stay in a good condition. Advice to bring the cushions inside in Winter time for a long-term use.

By Texfabric: Water drains from the cushion. The foam is protected with a waterproof lining filling inside the Texfabric cushion. Advice to bring the cushions inside in Winter time for a long-term use.

By Silvertex®: Water drains from the Silvertex® and will not get through the fabric. The Silvertex® is treated with the most advance ion technology, Silvergard®, a natural environmentally friendly bacteria-fighting defense to inhibit odour and stain causing bacteria. All Silvertex® items stay outside during the whole year.

A world class vinyl-coated fabric distribution organization enhanced via a 50+ year alliance with Proquinal S.A., the leading coated fabrics manufacturer in the Western Hemisphere. The combination of Spradling's market experience, and award winning design expertise and Proquinal's unique production capabilities, extensive cutting-edge coating technology, along with their ISO certifications, ensure that ever-changing market trends are always recognized.

The world's leading outdoor fabric Sunbrella® solution-dyed acrylic fibres stand up to tough weather conditions and years of sun exposure. The colour pigments are locked right into the very heart of the fibres during the initial stage of the manufacturing process, before the yarn is even made.

Twitchell Leading manufacturer of weather resistant materials for sunscreens and sun foil and plastics for garden furniture. In the products with the Twitchell logo of Persoon Outdoor Living we use Twitchell high quality textilene.

Texfabric is a best quality and durable outdoor fabric. The fabric gives an indoor fabric feeling but is for all weather use colour fast and breathable. Most important feature are UV-resistant, free of maintenance and easy to clean.

Forest Stewardship Council® The FSC® label identifies forests which have been certified in accordance with the rules of the Forest Stewardship Council. Look for FSC-certified products in this brochure.

SILVERTEX®

All Silvertex items are 100% watertight and UV-resistant. The fabric is extremely strong and is used in the yacht industry for many years. The Vinyl topcoating and the sealed stitchings are one of the many unique features of the Silvertex fabric. In winter time you can leave the Silvertex items outside because the fabric can handle outside temperature of -23°C.
