# “Home accessories”

We work with the finest materials when we create our home accessories. By using Indonesian Kobo , naturel jute and real goatskin we can guarantee high quality baskets. All baskets are handmade in Indonesia. Considering the purpose of the baskets ,some are made with an iron frame. That makes the basket even stronger and longer lasting.

For the wooden decoration we chose Indonesian teak wood.

Also the wide range of Lanterns is made out of the finest bamboo skin. The Emmy collection brings small , practical and goodlooking furniture for bath- bed- and livingrooms always embracing the thought to make you feel 'at home'.
