charming oak

CASTLE INTERIORS

“Louise”

This collection is made of oak, an extremely durable, hard and strong wood. It enjoys a solid reputation as regards quality and has been a favourite wood of hard wood furniture makers for many years.

The Louise collection is made of 100% solid oak, but certain pieces containing components that are susceptible to cracking and warping are made of 90% solid oak and 10% 0.3 mm thick oak veneer.

All pieces of furniture in this collection are made semi-mechanically. This means that their components are to a large extent made mechanically, but that they are finished by skilled furniture makers according to traditional methods.

- Each piece of furniture is sanded by hand.
- Each piece of furniture is scraped or brushed by hand (giving it depth, character and soul).
- Each piece of furniture is aged and antiqued by hand.

Solid oak has the immense advantage of adding character to furniture. It has little knots, small cracks and slight color differences. In short, no two boards are identical. This makes solid oak furniture truly unique, gives it its elegant charm and adds visual interest.

The Louise collection has a weathered oak appearance, which already provides protection against stains, hand or fingerprints.

Extra protection can be provided by using Castle Interiors' hardwood shield'. This product is not a stain remover, but protects wood furniture against stains. However, even if your furniture is protected with the hardwoodshield, you should never allow a stain to set in. Always remove it immediately with a dry cloth. For the fabrics we have the fabriccleaner and the fabric protector in our Castlecure range.
