CASTLE INTERIORS

“Luxor”

public price: € 28

99456
Hardwood shield
for in & out 0,5L

The Luxor collection is made out of recycled boat wood in combination with iron and pieces of oil barrels. We reclaim the wood from old boats and use it for the Luxor furniture. The colorful paint rests on the wood are very characteristic for this furniture.

Each design is unique and has the added value of having a real history. Touch a pinhole or an unevenness here or there and you will find yourself daydreaming about the exotic and tropical past of your interior.

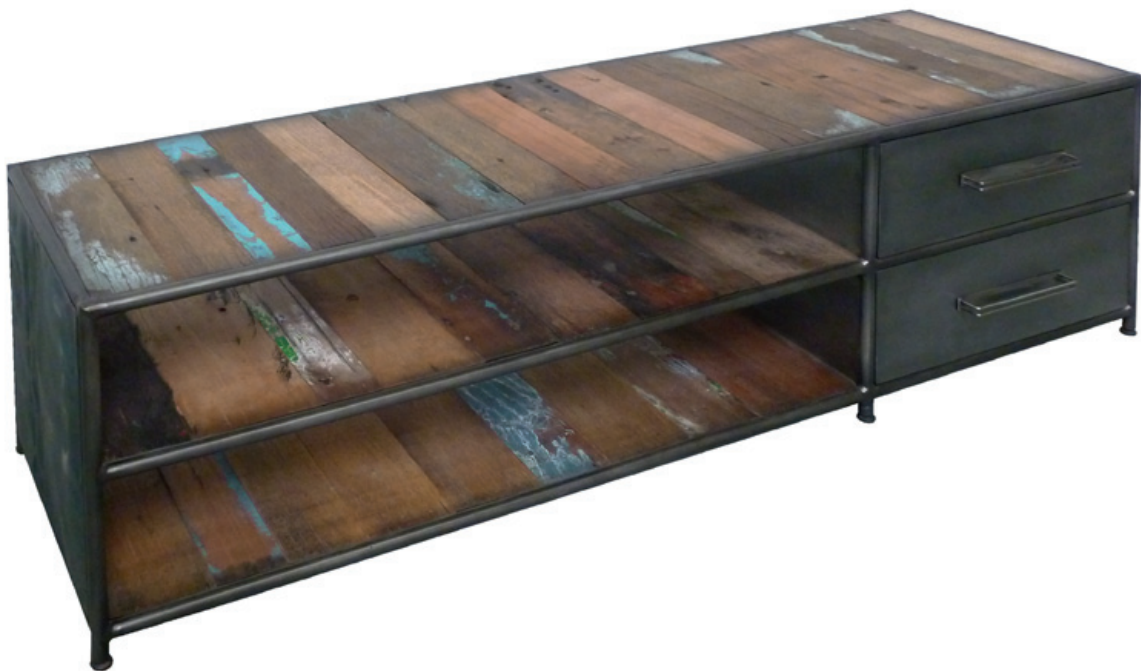

Each piece of furniture is manufactured by hand according to traditional methods. On the work floor the workers saw, sand, and hammer with their typical Javanese modesty and of course with an oriental smile on their face.

Extra protection can be provided by using Castle Interiors' 'hardwoodshield'. This product is not a stain remover, but protects wood furniture against stains. However, even if your furniture is protected with the hardwoodshield, you should never allow a stain to set in. Always remove it immediately with a dry cloth.

13838BO TV unit Luxor 120 boatwood
