**THE ORIGINAL HULARO®**  
OUTDOOR SYNTHETIC RATTAN FIBRE

Hularo is synonymous with the absolute top in synthetic wicker. That's why we give a guarantee of no less than 10 years on our wicker! It's easy to clean, durable and resistant to UV rays, salt water, lotions, chlorine and alcohol. It's not easy to tell Hularo apart from real rattan, except for the countless benefits it offers compared to natural materials. Hularo is colourfast and available in a wide range of natural tints. The materials contain no hazardous substances and can be fully recycled.

# GUARANTEED QUALITY

Stylish design and robust quality: celebrate being outdoors in every season with 4 Seasons Outdoor garden furniture! High-quality design furniture that allows you to enjoy the sun, but which can easily cope with a shower. 4 Seasons Outdoor offers garden furniture and accessories in wicker, stainless steel, textilene and teak. With its extensive range, 4 Seasons Outdoor has a set that suits every style and every garden. An innovative A-brand with class!

**3** 4 Seasons Outdoor garden furniture stands out in terms of quality, style and detail – all innovative creations by leading designers, combining a fabulous finish with ergonomic comfort and durability. Unsurprisingly, 4 Seasons Outdoor offers a three year guarantee on all its garden furniture, from lounge garden furniture to teak sets and from stainless steel items to exclusive garden tables, except for protective covers and maintenance products. On our wicker we give a guarantee of even 10 years. For terms and conditions, visit [www.4seasonsoutdoor.com](http://www.4seasonsoutdoor.com).

## All weather cushions

Did you know that all 4SO products are supplied with all weather cushions?

The cushions can handle a shower or two, so you don't have to worry about them if it starts to rain. Thanks to the special foam, the water quickly flows through the cushions, while the Dacron material ensures that the cushions retain their shape.

4SO all weather cushions are made from 100% weather-resistant textile and are guaranteed UV-resistant and fungus-free. They are also environmentally friendly and can be recycled.

To clean and maintain the cushion covers, the following instructions apply:

- Wash in a washing machine or by hand at 40 °C
- Tumble drying permitted
- Do not chemically clean
- Ironing permitted

To protect the cushions against dirt and dust, 4SO recommends that you store them inside when not in use. See our storage range on page 68 as well.

## ICON EXPLANATION

### 4SO ALL WEATHER CUSHIONS

Water runs straight through the special foam, while another material, Dacron, ensures that the cushions retain their original shape. Thanks to the high-quality Olefin, the Leisure Tex cover remains soft and pleasant.

### STAINLESS STEEL

Stainless steel furniture is very popular. An oxide film coating not only means that the metal will continue to gleam for years to come, but the high-quality composition makes stainless steel a good bit stronger than aluminium. This makes it possible to create furniture with innovative contours.

### FLEXIBLE BACK

Chairs with a flexible back absorb the shape and movement of your body, whether you want to sink into a sleep, or get up for a cup of coffee. Chairs with flexible backs are ergonomic, comfortable and very practical.

### 4 SEASONS UPHOLSTERY

4 Seasons Outdoor introduced upholstery for use in your garden. We have carefully attached weather resistant bands around an aluminium frame and covered them with a sizeable layer of foam. Thanks to this innovative technique, the cushions in your garden furniture not only look stunning, but are also amazingly comfortable.

### 3 YEAR GUARANTEE

All 4 Seasons Outdoor products are covered by a 3 year guarantee, except for protective covers and maintenance products. For terms and conditions, visit [www.4seasonsoutdoor.com](http://www.4seasonsoutdoor.com).

Hularo is synonymous with the absolute top in synthetic wicker. It's easy to clean, durable and resistant to UV rays, salt water, lotions, chlorine and alcohol. And it's almost impossible to tell Hularo apart from real wicker, except for the countless benefits it offers compared to natural materials. Hularo is colourfast and available in a wide range of natural tints. The materials contain no hazardous substances and can be fully recycled.

Leading manufacturer of weather resistant materials for sunscreens and sun foil and plastics for garden furniture. In the products of 4 Seasons Outdoor we use Twitchell high-quality textilene and Leisure Tex.

### Hugo de Ruiter Design

Hugo de Ruiter graduated at the prestigious Design Academy Eindhoven, the Netherlands. After working as a product developer and home designer for about 20 years, he became an independent designer with his own consultancy in 2001. He combines his knowledge of design with his knowledge of the craft. Nowadays he has various awards to his name.
