THE ORIGINAL

HULARO[®]
 OUTDOOR SYNTHETIC RATTAN FIBRE

Hularo is synonymous with the absolute top in synthetic wicker. That's why we give a guarantee of no less than 10 years on our wicker! It's easy to clean, durable and resistant to UV rays, salt water, lotions, chlorine and alcohol. It's not easy to tell Hularo apart from real rattan, except for the countless benefits it offers compared to natural materials. Hularo is colourfast and available in a wide range of natural tints. The materials contain no hazardous substances and can be fully recycled.

ALL WEATHER CUSHIONS

Did you know that all 4SO products are supplied with all weather cushions?

The cushions can handle a shower or two, so you don't have to worry about them if it starts to rain. Thanks to the special foam, the water quickly flows through the cushions, while the Dacron material ensures that the cushions retain their shape.

4SO all weather cushions are made from 100% weather-resistant textile and are guaranteed UV-resistant and fungus-free. They are also environmentally friendly and can be recycled.

To clean and maintain the cushion covers, the following instructions apply:

- Wash in a washing machine or by hand at 40 °C
- Tumble drying permitted
- Do not chemically clean
- Ironing permitted

To protect the cushions against dirt and dust, 4SO recommends that you store them inside when not in use. See our storage range on page 68 as well.

ALL WEATHER CUSHIONS

4SO ALL WEATHER CUSHIONS

Water runs straight through the special foam, while another material, Dacron, ensures that the cushions retain their original shape. Thanks to the high-quality Olefin, the Leisure Tex cover remains soft and pleasant.

STAINLESS STEEL

Stainless steel furniture is very popular. An oxide film coating not only means that the metal will continue to gleam for years to come, but the high-quality composition makes stainless steel a good bit stronger than aluminium. This makes it possible to create furniture with innovative contours.

5 YEAR GUARANTEE

All 4 Seasons Outdoor products are covered by a 5 year guarantee, except for protective covers and maintenance products. For terms and conditions, visit www.4seasonsoutdoor.com.

Hularo is synonymous with the absolute top in synthetic wicker. It's easy to clean, durable and resistant to UV rays, salt water, lotions, chlorine and alcohol. And it's almost impossible to tell Hularo apart from real wicker, except for the countless benefits it offers compared to natural materials. Hularo is colourfast and available in a wide range of natural tints. The materials contain no hazardous substances and can be fully recycled.

Leading manufacturer of weather resistant materials for sunscreens and sun foil and plastics for garden furniture. In the products of 4 Seasons Outdoor we use Twitchell high-quality textile and Leisure Tex.
