The World's finest **GARDEN FURNITURE**

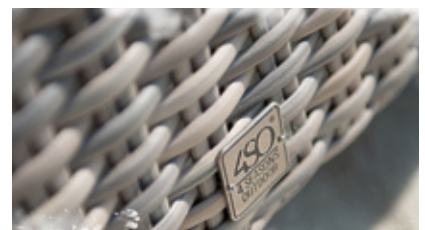

Frits Wolf Sr. started a petshop in 1967 in Nijmegen The Netherlands. In the early 70's he then started selling some garden furniture items. From the mid eighties the trade in garden furniture became the core business.

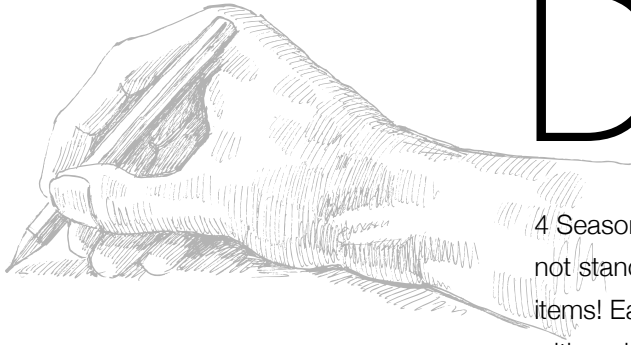

In 1999 his son Frits Wolf Jr. took over the family business and in 2003 created the new brand 4 Seasons Outdoor.

Quality, all weather and comfort were the main design criteria and they still are today. From the year 2000 dedicated focus in Belgium, Germany and United Kingdom were established to fill in the needs of the local markets even better. Nowadays 4 Seasons Outdoor has become a premium brand in garden furniture with products are sold worldwide. Over 2000 people are working in business related to 4 Seasons Outdoor.

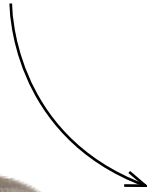

We continue to develop new wicker techniques with a high dose of creativity, quality and craftsmanship. We want to keep surprising with extraordinary, innovative, timeless and trendy wicker styles. That is our mission, our drive.

DESIGN

DEVELOPMENT & INNOVATION

4 Seasons Outdoor furniture are not standard mass-produced items! Each products starts with an idea, a sketch for a new design. Our own people create and develop the design. With great love and attention for comfort and durability, but also for a lovely comfortable arm rest,

special chair legs and surprising colour combinations. Together with our wicker specialists and designers we've been developing extraordinarily, innovative and solid models for nearly 20 years. We use only the finest and materials. That's why we offer 10 year warranty on our Hularo wicker products.

QUALITY

Hularo is synonymous with the absolute top in synthetic wicker. That's why we give a guarantee of no less than 10 years on our wicker! It's easy to clean, durable and resistant to UV rays, salt water, lotions, chlorine and alcohol. It's not easy to tell Hularo apart from real rattan, except for the countless benefits it offers compared to natural materials. Hularo is colourfast and available in a wide range of natural tints.

The materials contain no hazardous substances and can be fully recycled.

Our frames are powder-coated for a beautiful matte finish and higher durability. Underneath the wickerwork is a strong and well finished frame. We believe in the combination of passionate craftsmanship and the finest quality

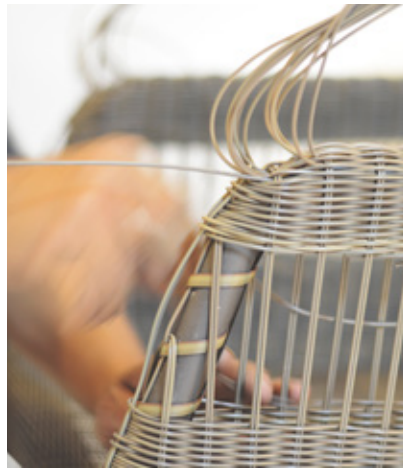

HAND MADE

WITH PASSION

DID YOU KNOW...

...our wicker workers spend an average of 3 days on one furniture item? Every piece of furniture is crafted with a lot of care and attention, as you will see and feel. Quality, craftsmanship and a love for design: those are the three ingredients that constitute 4 Seasons Outdoor garden furniture.

ALL WEATHER CUSHIONS

Our special foam can handle rain and temperature differences, the Olefin cushion covers are strong, colourfast and very durable. Ready to face any weather condition!

SUNBRELLA

At 4 Seasons Outdoor we also use Sunbrella fabric for its unmatched quality and durability, in some of our ranges. The fabric is resistant to both chemical and environmental pollutants and it is incredibly easy to maintain. Most common dirt and stains can be easily cleaned using water and in some cases mild soap.

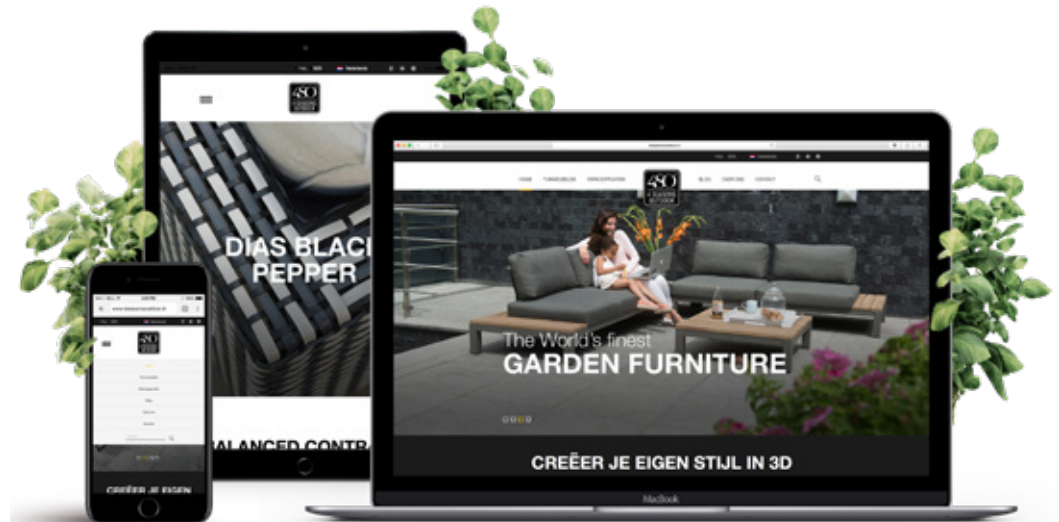

ALL WEATHER

TWITCHEL

Leading manufacturer of weather resistant materials for sunscreens and sun foil and plastics for garden furniture. In the products of 4 Seasons Outdoor we use Twitchell high-quality textilene and Leisure Tex.

STAINLESS STEEL

Stainless steel garden furniture is very popular. An oxide film coating not only means that the metal will continue to gleam for years to come, but the high-quality composition makes stainless steel stronger than aluminium. This makes it possible to create furniture with innovative contours.

ALL WEATHER CUSHIONS

Did you know that all 4SO products are supplied with all weather cushions? The cushions can handle a shower or two, so you don't have to worry about them if it starts to rain. Thanks to the special foam, water and temperature have no influence, while the Dacron material ensures that the cushions retain their shape.

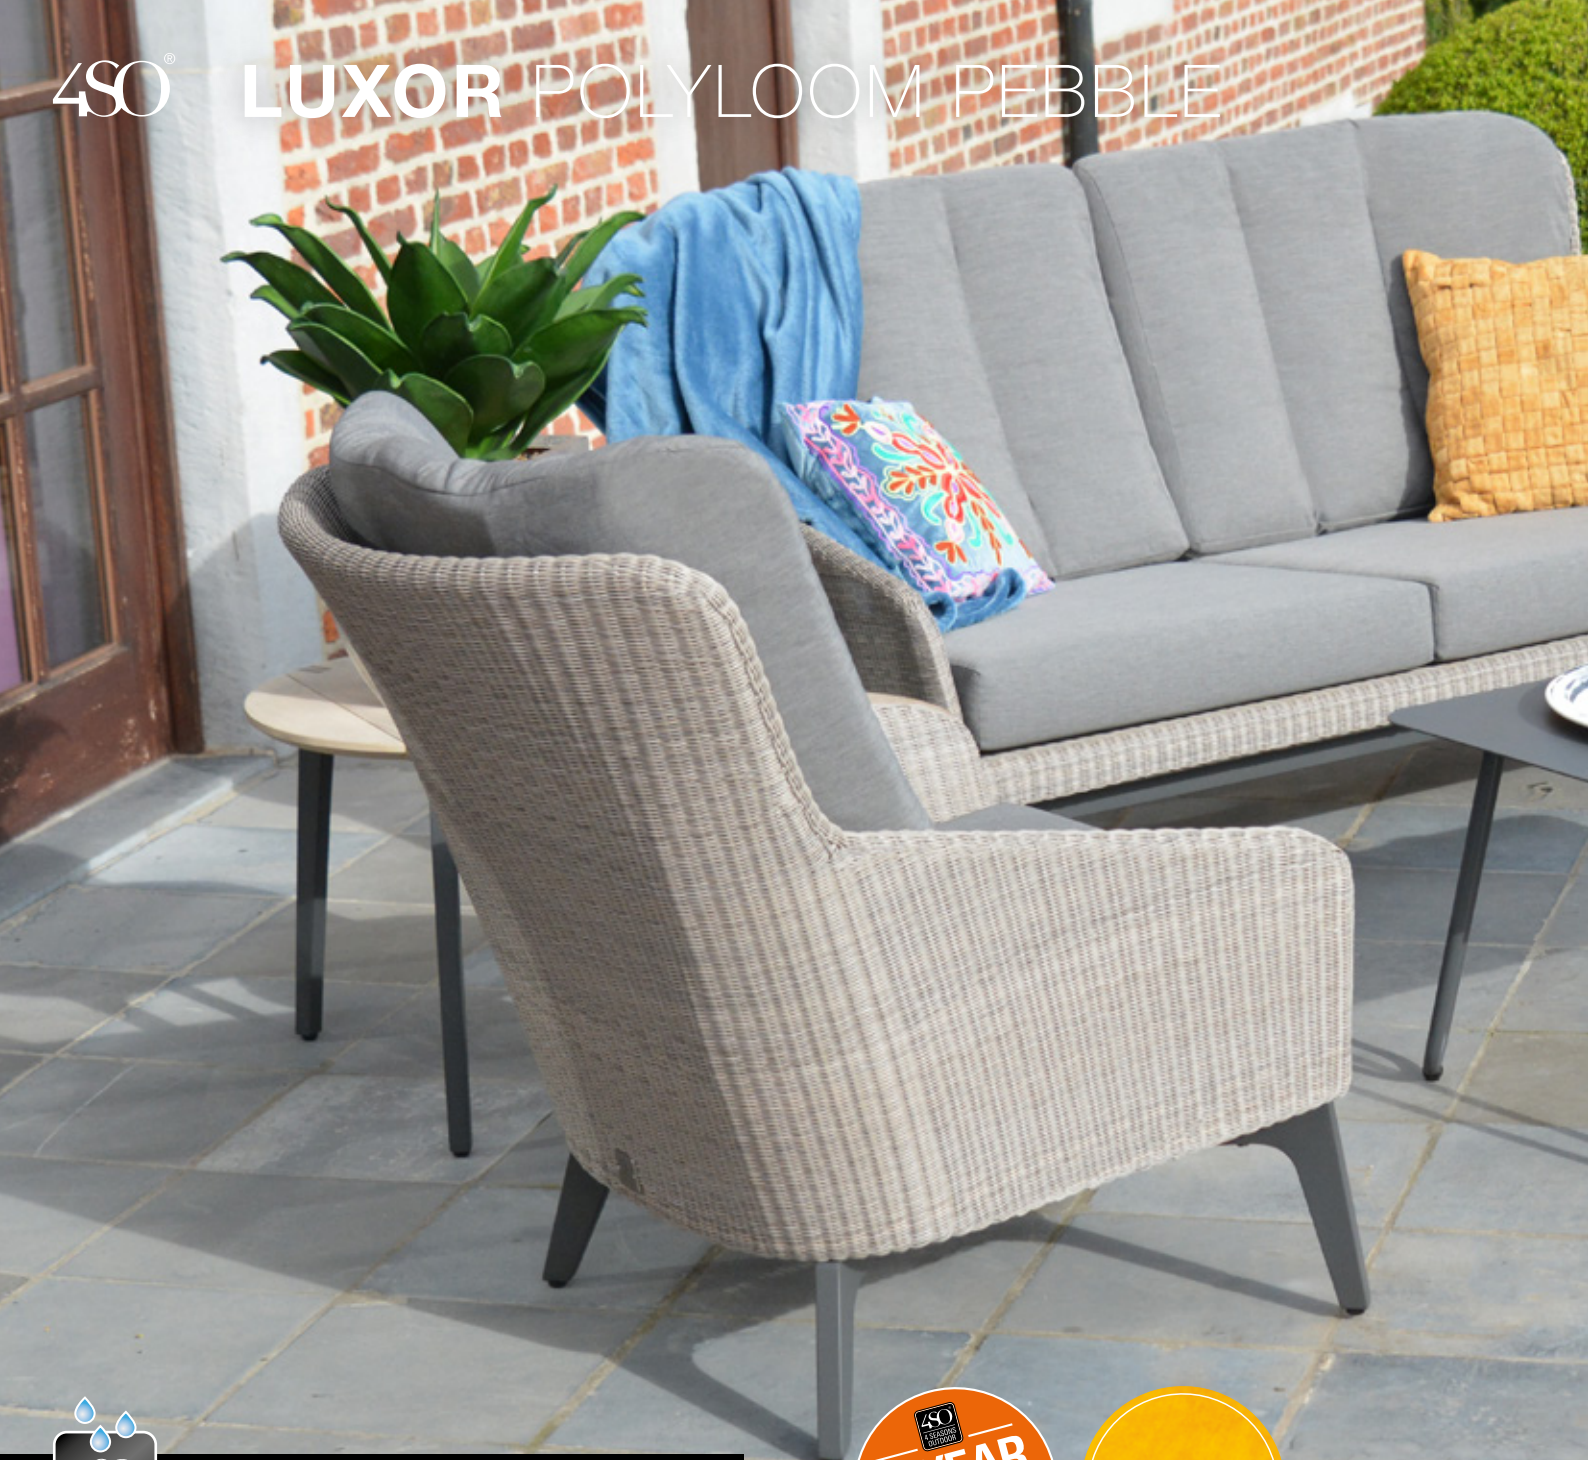

4SO all weather cushions are made from 100% weather-resistant textile and are guaranteed UV-resistant and fungus-free. They are also environmentally friendly and can be recycled.

To clean and maintain the cushion covers, the following instructions apply:

- Wash in a washing machine or by hand at 40 °C
- Tumble drying permitted (medium temperature)
- Do not chemically clean
- Ironing permitted (medium temperature)

To protect the cushions against dirt and dust, 4SO recommends that you store them inside when not in use. See our storage range on page 142 as well.

 Our special foam can handle rain and temperature differences, the Olefin cushion covers are strong, colourfast and very durable. Ready to face any weather condition!

STAINLESS STEEL
 Stainless steel furniture is very popular.

An oxide film coating not only means that the metal will continue to gleam for years to come, but the high-quality composition makes stainless steel a good bit stronger than aluminium. This makes it possible to create furniture with innovative contours.

5 YEAR GUARANTEE

All 4 Seasons Outdoor products are covered by a 5 year guarantee, except for protective covers and maintenance products. For terms and conditions, visit www.4seasonsoutdoor.com.
