Since 1974, ETH has been a trusted source for all your lighting needs. We serve as a wholesaler, importer, and producer of high-quality lighting fixtures, lightbulbs, and switchgear. Our pride lies in the diversity of our product range. Inside this catalog, you'll discover a curated selection from our current lineup of lighting fixtures. To explore our complete collection, we invite you to visit our exclusive client portal. This portal is tailored for our valued dealers, offering invaluable insights into stock availability, pricing, order management, and invoicing. If you're a dealer, please don't hesitate to request your portal login code by reaching out to us at [info@expotrading.nl](mailto:info@expotrading.nl).

**Celebrating 50 Years of Lighting:**  
**ETH - Expo Trading Holland**  
 In 2024, ETH - Expo Trading Holland proudly marks half a century of success, innovation, and unwavering commitment to its customers as a renowned lighting company. Founded by Koos Eshuis, the company has come a long way since its inception in Gorinchem. Today, under the capable leadership of his son Sietse Eshuis, ETH stands as a shining example of a family legacy built on dedication and a passion for quality.

**1974**

After several years of dedicated service at another lighting company, Koos Eshuis decided to embark on his entrepreneurial journey. In Gorinchem, he founded his very own lighting company, where his passion and expertise continue to shine brightly, illuminating the path to a bright and promising future.

**1991**

Sietse Eshuis, the son of Koos Eshuis, began his career with the company at the young age of 19.

**2006**

ETH made yet a significant move to a new building. Our company was rapidly expanding, both in terms of our team and our clients. It was during this period that Sietse Eshuis took the helm as the new owner of the company.

**1988**

A significant milestone for ETH, Koos Eshuis relocated to his very first own warehouse on Spijksedijk in Gorinchem. This move marked a pivotal moment in the company's history, as it transitioned from a one-person operation to a business with a growing team.

**2001**

Sietse Eshuis ventured into a co-ownership with his father in the company.

**2020**

In 2020, ETH unveiled its groundbreaking innovation: the PUCC Lightbulb.

**2022**

Matthijs and Stefan have seized the opportunity to acquire a stake in the company. This strategic move reflects their commitment to the growth and success of the company.

**2018**

Our latest move to yet another new building! Here, in our current location, we're the heartbeat of our day-to-day operations. From sending out goods to warmly receiving our clients. It's also home to one of our two remarkable showrooms in the Netherlands, where we showcase our latest products and innovations.

**2021**

After nearly half a century of dedication and commitment to our company, Ab Eshuis embarked on his well-deserved retirement.

# PURE

Introducing our latest innovation - the 'PURE' lightbulb! This trendy addition to our product lineup is designed to illuminate spaces with a touch of elegance and efficiency.

The 'PURE' lightbulb is the perfect choice for glass shade lamps, for example 'The Silo' on page 119.

## COLLABORATION ECODIM & ETH!

We are proud to announce that ETH started a collaboration with EcoDim as an official dealer for the entire collection of Eco-Dim.

EcoDim has been working for a long time on making the best dim solution possible. Now they have multiple dimmers in collection with various possibilities. Their secret: always listen to your clients.

Beside dimmers EcoDim has various build-in spots in collection. On the next pages you can find selection of dimmers and build-in spots. For the whole collection please check our client portal.

## DIMMERS

Compatible for all A brands cover material

Compatible for most WiFi smarthome app's

- Tuya
- Osram WiFi app

Speech Support through Google Assistant

- Amazon
- Alexa

Compatible for most Zigbee domotica systems

- Philips Hue
- Homey
- Trust
- Amazon Echo Plus
- Google Home (hub required)
- Aduro Smart
- Future Home

Speech Support through Google Assistant

- Amazon
- Alexa
